WI-V3.0.8.33535 Firebird 3.0

```
SQL> select 5302239.56 + round(22927.000000 * 234.500000, 2) from rdb$database  
CON> ;
```

ADD

=====

```
Statement failed, SQLSTATE = 22003
```

Integer overflow. The result of an integer operation caused the most significant bit of the result to carry.

```
SQL>
```
